### Special Paper - No Ink Needed

MEMOBIRD uses thermal paper made with a specialty coating that allows for inkless printing. The result is a sharp, clear image, without the need for ink or ribbons. High quality thermal paper printouts can last years – even decades.

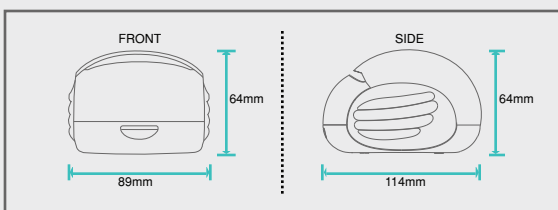

Available in White, Blue, Pink and Yellow  
Sticky or Non-stick - Size: 57 x 48 (mm)

### Smart, light and portable

MEMOBIRD is the lightest portable Wi-Fi printer. Take it from your desk to your purse, to work or to school effortlessly. Fits in the palm of your hand.
